Introduction

To Students and Parents:

The Park City High School Student Handbook contains information that students and parents are likely to need during the school year. The handbook is organized by article. Throughout the handbook, the term “the student’s parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

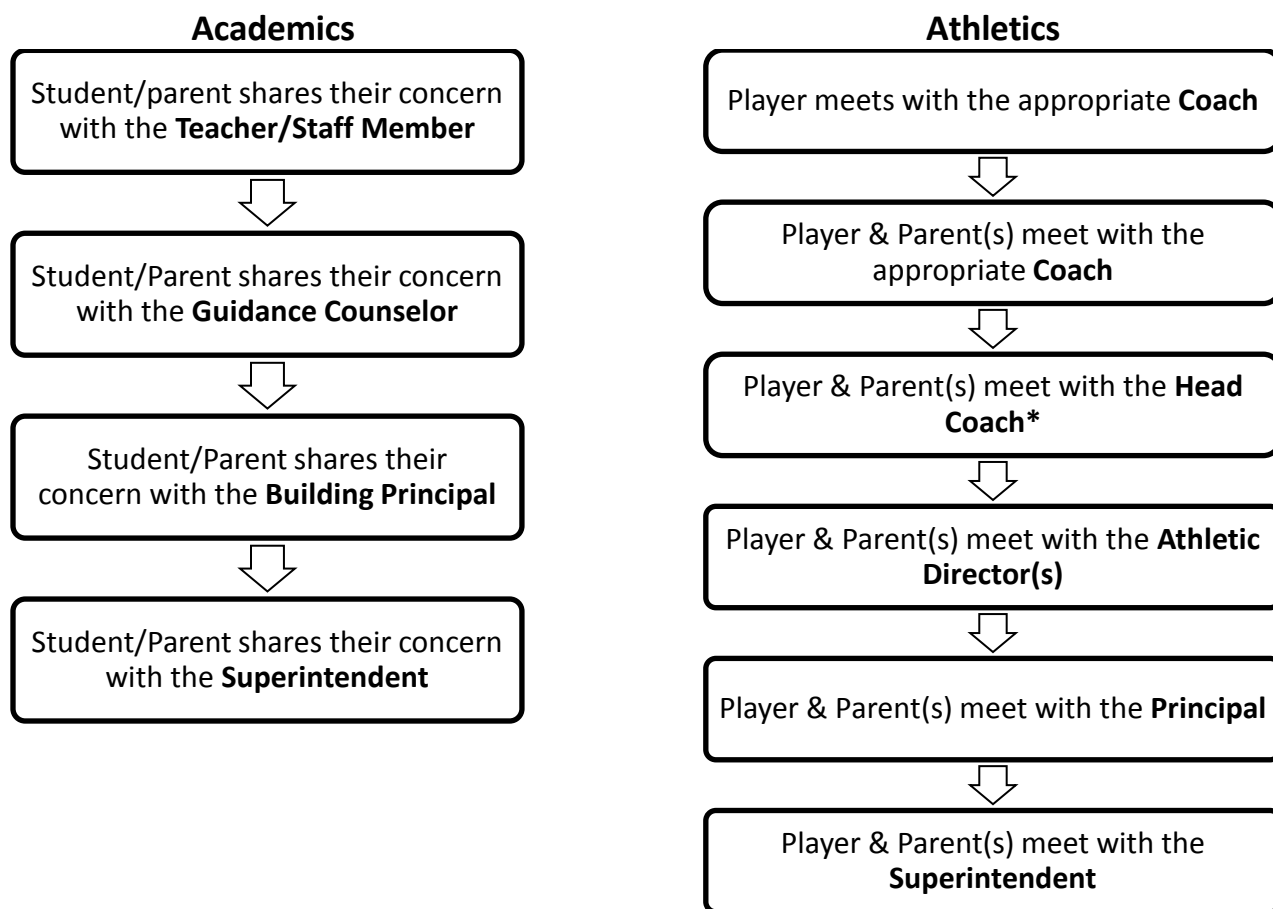

The Student Handbook is designed to be in harmony with board policy. Please be aware that this document is updated annually, while policy adoption and revision is an ongoing process. Therefore, any changes in policy that affect student handbook provisions will be made available to students and parents through newsletters and other communications. These changes will generally supersede provisions found in this handbook that have been made obsolete by newly adopted policy. Please note that references to policy codes are included to help parents confirm current policy. A copy of the district’s policy manual is available in the school office.

ARTICLE ONE—UNIFORM COMPLAINT PROCEDURES

Usually student or parent complaints or concerns can be addressed simply — by a phone call or a conference with the teacher. For those complaints and concerns that cannot be handled so easily, the District has adopted a Uniform Complaint Procedure policy for most complaints (Policy 1700) with the exception of complaints/concerns regarding sexual discrimination and/or disability discrimination.

Section 1—CHAIN OF COMMAND

If a student or parent believes that the Board, its employees, or agents have violated their rights, he or she may file a written complaint with any District Principal or Supervisor under the applicable grievance procedure. If still unresolved, the matter generally may be referred to the Superintendent. Under some circumstances, the District provides for the complaint to be presented to the Board of Trustees in the event the matter cannot be resolved at the administrative level.

Some complaints require different procedures. Any building office or the Superintendent's office can provide information regarding specific processes for filing complaints. Additional information can also be found in Policy 1700, available in any principal's and Superintendent's offices.

Section 2—UNIFORM COMPLIANT PROCEDURE

The board establishes this Uniform Complaint Procedure as a means to address complaints arising within the district. This Uniform Complaint Procedure is intended to be used for all complaints except those involving

challenges to educational material and those governed by a collective bargaining agreement, and complaints alleging violations of Title IX or discrimination under Section 504.

Except as noted above, the District requests all individuals to use this complaint procedure, when the individual believes the Board or its employees or agents have violated the individual's rights under: (1) Montana constitutional, statutory, or administrative law; (2) United States constitutional, statutory, or regulatory law; or (3) Board policy.

The District will endeavor to respond to and resolve complaints without resorting to this formal complaint procedure and, when a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt and equitable resolution of a complaint filed hereunder will not be impaired by a person's pursuit of other remedies. Use of this complaint procedure is not a prerequisite to pursuit of other remedies, and use of this complaint procedure does not extend any filing deadline related to pursuit of other remedies.

Level 1: Informal

An individual with a complaint is first encouraged to discuss it with the appropriate teacher, counselor, or building administrator, with the objective of resolving the matter promptly and informally. An exception is that a complaint of sexual harassment should be discussed directly with an administrator not involved in the alleged harassment.

Level 2: Building Administrator

When a complaint has not been or cannot be resolved at Level 1, an individual may file a signed and dated written complaint stating: (1) the nature of the complaint; (2) a description of the event or incident giving rise to the complaint, including any school personnel involved; and (3) the remedy or resolution requested. This written complaint must be filed within thirty (30) calendar days of the event or incident or from the date an individual could reasonably become aware of such event or incident.

When a complaint alleges violation of Board policy or procedure, the building administrator will investigate and attempt to resolve the complaint. The administrator will respond in writing to the complaint, within thirty (30) calendar days of the administrator's receipt of the complaint.

If either the complainant or the person against whom the complaint is filed is dissatisfied with the administrator's decision, either may request, in writing, that the Superintendent review the administrator's decision. (See Level 3.) This request must be submitted to the Superintendent within fifteen (15) calendar days of the administrator's decision.

Level 3: Superintendent

If either the complainant or the person against whom the complaint is filed appeals the administrator's decision provided for in Level 2, the Superintendent will review the complaint and the administrator's decision. The Superintendent will respond in writing to the appeal, within thirty (30) calendar days of the Superintendent's receipt of the written appeal. In responding to the appeal, the Superintendent may: (1) meet with the parties involved in the complaint; (2) conduct a separate or supplementary investigation; (3) engage an outside investigator or other district employees to assist with the appeal; and/or (4) take other steps appropriate or helpful in resolving the complaint.

If either the complainant or the person against whom the complaint is filed is dissatisfied with the Superintendent's decision, either may request, in writing, that the Board consider an appeal of the Superintendent's decision. (See Level 4.) This request must be submitted in writing to the Superintendent,

within fifteen (15) calendar days of the Superintendent's written response to the complaint, for transmission to the Board.

Level 4: The Board

Upon written appeal, the Board will consider the Superintendent's decision in Level 2 or 3. Upon receipt of written request for appeal, the Chair will either: (1) place the appeal on the agenda of a regular or special Board meeting; or (2) appoint an appeals panel of not less than three (3) trustees to hear the appeal and make a recommendation to the Board. If the Chair appoints a panel to consider the appeal, the panel will meet to consider the appeal and then make written recommendation to the full Board. The Board will report its decision on the appeal, in writing, to all parties, within thirty (30) calendar days of the Board meeting at which the Board considered the appeal or the recommendation of the panel. A decision of the Board is final, unless it is appealed pursuant to Montana law within the period provided by law.

Level 5: County Superintendent

When a matter falls within the jurisdiction of a county superintendent of schools, the decision of the Board may be appealed to the county superintendent by filing written appeal within thirty (30) calendar days of the Board's decision, pursuant to Montana law.

Section 3—TITLE IX GRIEVANCE PROCEDURE

Students shall use the Title IX Grievance Procedure to address complaints/concerns about sexual discrimination, including sexual harassment.

The Park City School District has adopted internal grievance procedures providing for the prompt and equitable resolution of complaints alleging any action prohibited by Title IX of the Education Amendments of 1972 Act (Title IX). Title IX prohibits discrimination on the basis of sex in education programs or activities operated by public school districts.

Sexual harassment is a form of sex discrimination. The District does not discriminate on the basis of sex in its education programs and activities.

All references to sex discrimination throughout these procedures include gender-based harassment and sexual harassment. Gender-based harassment may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve conduct of a sexual nature. Sexual harassment can occur whenever an individual makes sexual advances, requests sexual favors, and engages in other verbal or physical conduct of a sexual or sex-based nature, imposed on the basis of sex, that:

In the case of a student, denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or in the case of an employee denies or limits the employment, recruitment, consideration, or selection or treatment, or that makes such conduct a condition of the employee's employment status; OR

Has the purpose or effect of:

- substantially interfering with a student's educational environment or employee's work environment.;
- creating an intimidating, hostile, or offensive educational or work environment;
- depriving a student of educational aid, benefits, services, or treatment; or depriving an employee of the benefits of or deprives that employee of employment opportunities; or

- making submission to or rejection of such conduct the basis for academic decisions affecting a student or employment decisions affecting an employee.

Sexual harassment includes sexual violence. Sexual violence refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent due to the victim's use of drugs or alcohol or is unable to give consent due to an intellectual or other disability. Sexually violent acts include rape, sexual assault, sexual battery, and sexual coercion.

Title IX Coordinator

Inquiries concerning the application of Title IX may be referred to the District's Title IX Coordinator: Mr. Michael Galt, 406-633-2350 ext. 2043, mgalt@pcsd5.org

Inquiries may also be referred to the Office of Civil Rights, United States Department of Education.

Filing a Complaint

An individual believing that he or she has been the victim of sex discrimination should file a complaint with the Title IX Coordinator within 30 days of the incident(s) giving rise to the allegations. If the individual wishes to invoke the formal complaint procedures (see formal complaint procedures section), the complaint should be made in writing. An individual wishing to invoke the informal resolution process may make a complaint in writing or verbally.

An individual wishing to make a complaint will be provided with a copy of these procedures.

Informal Resolution

An individual alleging sex discrimination by an employee, student, or third party may access an informal mechanism to attempt to resolve the situation. The individual making the complaint is not required to invoke any informal mechanisms to resolve the situation. The decision to invoke the informal resolution process is voluntary.

If the individual wishes to attempt to work out the problem directly with the alleged perpetrator, a school representative will be available to assist. The individual may also request mediation with a designated mediator present to assist the individual and alleged perpetrator reach a resolution.

The individual has the right to end the informal resolution process at any time. If the individual wishes to end the informal process prior to reaching a resolution or is not satisfied with the resolution reached, the individual has the right to commence a formal complaint at any time.

The informal process, including mediation, will not be available to individuals alleging sexual assault.

Formal Complaints

An individual may make a formal complaint of sex discrimination in accordance with the procedures described above. The complaint should be in writing and should specify the allegations which the individual believes constitute sex discrimination. The individual has the right to contact law enforcement to determine if criminal activity occurred.

Investigation

The District shall conduct an adequate, reliable, and impartial investigation into the allegations. Even if no formal complaint has been filed, the District may still conduct an investigation to determine whether sex discrimination has occurred when it has knowledge of allegations of sex discrimination. Any investigation by the District shall be in addition to any criminal investigation that may occur. Determinations resulting from

the investigation shall be made on a preponderance of the evidence standard (i.e., it is more likely than not that sex discrimination occurred).

Parties (the alleged victim and alleged perpetrator(s)) will have an equal opportunity to present relevant witnesses and other evidence. The investigation shall allow for both the alleged victim and alleged perpetrator to provide information separately. If written statements are provided, each party shall have the opportunity to review such statements, subject to the disclosure of such information under the Family Educational Rights Privacy Act ("FERPA") and Montana law.

Either party may have a representative or lawyer present during the investigations; however, the representative or lawyer is not allowed to speak or ask questions during any investigatory interviews. The representative or lawyer may request clarification of any questions, but may not answer, advise his or her client how to answer, or ask any substantive questions.

Notice of Outcome

Both the alleged victim and alleged perpetrator shall be notified in writing regarding the outcome of the investigation. Subject to FERPA and Montana law, an alleged victim may be notified about sanctions imposed on another individual found to have engaged in harassment when that sanction directly relates to the individual. This may include an order that the harasser stay away from the victim.

Time Frames

The District shall complete its investigation within 60 days of receipt of the complaint or knowledge of allegations of sex discrimination. With the consent of the parties and the Superintendent, the investigation may be extended for an additional 15 days in extenuating circumstances. The investigator shall contact both parties once it appears that the investigation will require a longer period of time. The Notice of the Outcome of the investigation will be sent within that 60-day period, unless extended as described herein.

Appeals

Any party who is not satisfied with the findings from the investigation may appeal to the Superintendent. The appeal should be made within ten (10) days of receipt of the Notice of Outcome. Within three (3) days of receipt of any appeal by either party, the Superintendent shall notify the nonappealing party regarding the appeal. Within five (5) days of receipt of notice of any appeal, the nonappealing party may present argument opposing the appeal in writing. Within twenty (20) days of receipt of the initial appeal, regardless of whether the nonappealing party has submitted any opposition to the appeal, the Superintendent shall issue a written decision to both parties affirming or rejecting the investigation findings.

If either party is not satisfied with the Superintendent's written decision, that party may submit a written appeal to the Board of Trustees within ten (10) days of receipt of the Superintendent's decision. The Board shall hold a hearing to determine whether the Superintendent's decision shall be affirmed or rejected. Depending on the unique circumstances of the complaint, the Board may arrange for alternative means of participation for one of the parties. The Board shall issue a written decision within thirty (30) days of the hearing affirming or rejecting the Superintendent's decision.

Remedies

The District shall take all reasonable and necessary prevent the recurrence of any harassment and to correct its discriminatory effects on the individual and others. Any individual participating in a sex discrimination investigation shall notify the Title IX Coordinator if he or she believes that he or she is being retaliating against

for participating in the investigation. The District prohibits retaliation against individuals making complaints under these procedures and participating in any investigation that may ensue.

Section 4—SECTION 504 GRIEVANCE PROCEDURE

Students shall use the Section 504 Grievance Procedure to address complaints/concerns about disability discrimination.

The District has adopted internal grievance procedures providing for the prompt and equitable resolution of complaints alleging any action prohibited by Section 504 of the Rehabilitation Act of 1973 (Section 504). Section 504 prohibits the discrimination against individuals on the basis of disability or handicap.

Section 504 prohibits a school district from excluding an “otherwise qualified individual with a disability” from participation in, or be denied the benefits of, or be subjected to discrimination on the basis of that disability. Under Section 504, an individual with a disability qualifies for protection under the act if that individual: (1) has a physical or mental impairment which substantially limits one or more major life activities; (2) has a record of such an impairment; or (3) is regarded as having such an impairment. All references to “disability” refer to disability or handicap and encompasses both Section 504.

These procedures do not pertain to the identification, location, evaluation, and placement of students with known or suspected disabilities relating to educational services. Inquiries relating to the identification, location, evaluation, and placement of students with known or suspected disabilities relating to educational services should be directed to the

Section 504 and ADA Coordinator

Inquiries concerning discrimination under Section 504 may be referred to the building administrator or:

Mr. Jim Martin
406-633-2350 ext. 2021]
jmartin@pcsd5.org

Inquiries may also be referred to the Office of Civil Rights, United States Department of Education.

Filing a Complaint

An individual believing that he or she has been the victim of disability discrimination should file a complaint with the building administrator or the Section 504 Coordinator within 30 days of the incident(s) giving rise to the allegations. If the individual wishes to invoke the formal complaint procedures (see formal complaint procedures section), the complaint should be made in writing. An individual wishing to invoke the informal resolution process may make a complaint in writing or verbally.

An individual wishing to make a complaint will be provided with a copy of these procedures.

Informal Resolution

An individual alleging disability discrimination by an employee, student, or third party may access an informal mechanism to attempt to resolve the situation. The individual making the complaint is not required to invoke any informal mechanisms to resolve the situation. The decision to invoke the informal resolution process is voluntary.

If the individual wishes to attempt to work out the problem directly with the alleged perpetrator, a school representative will be available to assist. The individual may also request mediation with a designated mediator present to assist the individual and alleged perpetrator reach a resolution.

The individual has the right to end the informal resolution process at any time. If the individual wishes to end the informal process prior to reaching a resolution or is not satisfied with the resolution reached, the individual has the right to commence a formal complaint at any time.

Formal Complaints

An individual may make a formal complaint of disability discrimination in accordance with the procedures described above. The complaint should be in writing and should specify the allegations which the individual believes constitute disability discrimination. The individual has the right to contact law enforcement to determine if criminal activity occurred.

Investigation

The District shall conduct an adequate, reliable, and impartial investigation into the allegations. Even if no formal complaint has been filed, the District may still conduct an investigation to determine whether disability discrimination has occurred when it has knowledge of allegations of disability discrimination. Any investigation by the District shall be in addition to any criminal investigation that may occur. Determinations resulting from the investigation shall be made on a preponderance of the evidence standard (i.e., it is more likely than not that disability discrimination occurred).

Parties (the alleged victim and alleged perpetrator(s)) will have an equal opportunity to present relevant witnesses and other evidence. The investigation shall allow for both the alleged victim and alleged perpetrator to provide information separately. If written statements are provided, each party shall have the opportunity to review such statements, subject to the disclosure of such information under the Family Educational Rights Privacy Act ("FERPA") and Montana law.

Either party may have a representative or lawyer present during the investigations; however, the representative or lawyer is not allowed to speak or ask questions during any investigatory interviews. The representative or lawyer may request clarification of any questions, but may not answer, advise his or her client how to answer, or ask any substantive questions.

Notice of Outcome

Both the alleged victim and alleged perpetrator shall be notified in writing regarding the outcome of the investigation. Subject to FERPA and Montana law, an alleged victim may be notified about sanctions imposed on another individual found to have engaged in discrimination or harassment when that sanction directly relates to the individual. This may include an order that the perpetrator stay away from the victim.

Time Frames

The District shall complete its investigation within 60 days of receipt of the complaint or knowledge of allegations of disability discrimination. With the consent of the parties and the Superintendent, the investigation may be extended for an additional 15 days in extenuating circumstances. The investigator shall contact both parties once it appears that the investigation will require a longer period of time. The Notice of the Outcome of the investigation will be sent within that 60-day period, unless extended as described herein.

Appeals

Any party who is not satisfied with the findings from the investigation may appeal to the Superintendent. The appeal should be made within ten (10) days of receipt of the Notice of Outcome. Within three (3) days of receipt of any appeal by either party, the Superintendent shall notify the nonappealing party regarding the appeal. Within five (5) days of receipt of notice of any appeal, the nonappealing party may present argument opposing the appeal in writing. Within twenty (20) days of receipt of the initial appeal, regardless of whether the nonappealing party has submitted any opposition to the appeal, the Superintendent shall issue a written decision to both parties affirming or rejecting the investigation findings.

If either party is not satisfied with the Superintendent's written decision, that party may submit a written appeal to the Board of Trustees within ten (10) days of receipt of the Superintendent's decision. The Board shall hold a hearing to determine whether the Superintendent's decision shall be affirmed or rejected. Depending on the unique circumstances of the complaint, the Board may arrange for alternative means of participation for one of the parties. The Board shall issue a written decision within thirty (30) days of the hearing affirming or rejecting the Superintendent's decision.

Remedies

The District shall take all reasonable and necessary prevent the recurrence of any harassment and to correct its discriminatory effects on the individual and others. Any individual participating in a disability discrimination investigation shall notify the building administrator or Section 504 Coordinator if he or she believes that he or she is being retaliating against for participating in the investigation. The District prohibits retaliation against individuals making complaints under these procedures and participating in any investigation that may ensue.

ARTICLE TWO—LEGAL REFERENCES

Section 1—EQUAL EDUCATION, NONDISCRIMINATION & GENDER EQUITY

The District will make equal educational opportunities available for all students without regard to race, color, national origin, ancestry, sex, ethnicity, language barrier, religious belief, physical or mental handicap or disability, economic or social condition, or actual or potential marital or parental status, or, in accordance with binding guidance of the Federal Office of Civil Rights regarding the scope of Title IX's sex discrimination prohibition, gender identity, sexual orientation, or failure to conform to stereotypical notions of masculinity or femininity.

No student, on the basis of sex or, in accordance with binding guidance of the Federal Office of Civil Rights regarding the scope of Title IX's sex discrimination prohibition, gender identity, sexual orientation, or failure to conform to stereotypical notions of masculinity or femininity will be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, or advantage, or denied equal access to educational and extracurricular programs and activities.

Inquiries regarding discrimination or intimidation should be directed to the District Title IX Coordinator, Mr. Michael Galt. Any individual may file a complaint alleging violation of this policy by following the Uniform Complaint Procedure (Policy 1700).

The district will not tolerate hostile or abusive treatment, derogatory remarks, or acts of violence against students, staff, or volunteers with disabilities. The District will consider such behavior as constituting discrimination on the basis of disability, in violation of state and federal law.

Section 2—SEXUAL HARASSMENT

The District encourages parental and student support in its efforts to address and prevent sexual harassment and sexual discrimination in the public schools. Students and/or parents are encouraged to discuss their questions or concerns about the expectations in this area with a teacher, counselor, principal or Mr. Michael Galt, who serves as the District Title IX coordinator for students.

Students must not engage in unwanted and unwelcome verbal or physical conduct of a sexual nature directed toward another student or a District employee. This prohibition applies whether the conduct is by word, gesture, or any other sexual conduct, including requests for sexual favors. All students are expected to treat other students and District employees with courtesy and respect; to avoid any behaviors known to be offensive; and to stop these behaviors when asked or told to stop.

A substantiated complaint against a student will result in appropriate disciplinary action, according to the nature of the offense.

Complaints may be submitted via the District's Title IX Grievance Procedure. Please refer to Policy 3225 for additional information regarding the District's prohibition against discrimination and harassment.

Section 3—LOCKERS & LOCKER SEARCHES

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, District officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law. Searches may include the use of canines.

Students' Personal Effects

School officials may search a student and/or the student's personal effects (e.g., purses, backpacks, coats, etc.) when there is reasonable suspicion that the search will produce evidence that the student has violated or is violating the law or the District's rules. The search must be conducted in a manner which is reasonably related to its objectives and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

Students' Desks and Lockers

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student. Students are fully responsible for the security and contents of the assigned desks and lockers. Students must be certain that the locker is locked, and that the combination is not available to others. School officials may cut locks in order to conduct a search. Searches of desks or lockers, including items or containers contained therein, may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by District policy, whether or not a student is present. Searches may also be conducted at random, in accordance with law and District policy. See Policy 3040. The parent will be notified if any prohibited items are found in the student's desk or locker.

Vehicles on Campus

Vehicles parked on school property are under the jurisdiction of the school. School officials may search any vehicle any time there is reasonable cause to do so, with or without the presence of the student. A student has full responsibility for the security of his or her vehicle and must make certain that it is locked and that the keys are not given to others.

Seizure of Property

Evidence produced by a search that reveals that a student has violated or is violating the law or District rules may be seized and impounded by school officials. When appropriate, such evidence may be transferred to law enforcement authorities. Evidence produced by a search may be used in a disciplinary proceeding against the student.

Section 4—SCHOOL BOARD POLICIES

Only a limited selection of school board policies are outlined in this student handbook. However, each student is required to follow all policies adopted by the Board of Trustees. Upon request, a complete policy book is available for review from the district office during regular office hours.

Section 5—TOBACCO-FREE SCHOOLS

The district maintains tobacco-free buildings and grounds. Tobacco includes, but is not limited to cigarettes, cigars, snuff, smoking tobacco, smokeless tobacco and any other tobacco innovation.

Use of tobacco by students, school staff, parents, and visitors is prohibited in all public school buildings or public school property and at school-sponsored functions, whether on or off campus. Exceptions to this policy include school sanctioned events in which tobacco products are allowed as exhibits to demonstrate the risks of tobacco use or in connection with American Indian cultural activities.

For the purpose of this policy, “public school building or public school property” means:

- Public land, fixtures, buildings, or other property owned or occupied by an institution for the teaching of children that is established and maintained under the laws of the state of Montana at public expense; and
- Includes playgrounds, school steps, parking lots, administration buildings, athletic facilities, gymnasiums, locker rooms, sidewalks, and school buses.

Tobacco advertising and the acceptance of tobacco industry sponsorship or promotional products are prohibited on the school campus, in school publications, and at all school-sponsored functions.

The Board supports classroom-based instruction on tobacco use prevention, including training for teachers whose instructional duties include tobacco use prevention content. Information about nicotine addiction services and referrals to tobacco cessation programs will be provided to students and staff who have violated school policy.

Violation of the policy by students and staff will be subject to actions outlined in district discipline policies. Visitors who violate the policy will be asked to discontinue use of the tobacco product or leave the premises.

ARTICLE THREE—STUDENT CONDUCT

The instructor should personally and privately advise the student that there is reason to believe that the student has committed an act that constitutes academic misconduct. The student should be allowed a reasonable opportunity to respond or explain. If, after hearing the student's response (if any is provided), the instructor continues to believe the student engaged in academic misconduct, he or she will inform the student of his or her determination and of any intended sanction (s)

Part 3—Sanctions

The teacher will notify the parent/guardian and principal of each incident. In addition to an oral and written reprimand, the teacher at their discretion may impose one of the following consequences:

- a) an assignment to repeat the work or an alternate assignment,

SECTION 2—ACCEPTABLE USE OF ELECTRONIC NETWORKS

Computer resources, including the District's electronic networks, are an integral part of the District's instructional program. Use of these resources is a privilege, not a right. Students have no expectation of privacy in material that is stored, transmitted, or received via the District's electronic networks or the District's computers. General rules for behavior and communications apply when using the District's computer resources. Students must sign the *Authorization for Electronic Access Agreement* prior to being authorized to use the District's computer resources. *See Appendix A for the form.* For additional information, see Policy 3612.

SECTION 3—ASSEMBLIES

Various school assemblies of different types will be held throughout the school year for the entertainment and education of the student body. All members should strive to be a good audience. To be a good audience, students will:

1. Stop all talking and other disturbances just as soon as the program is ready to start.
2. Listen courteously and attentively during the program.
3. Show appreciation by applause without stomping or whistling.
4. Remain seated at the end of the program until dismissed by the person in charge.
5. Any student not cooperating with the above rules during an assembly will be referred to the administration.

SECTION 4—BAND INSTRUMENTS

The rental fee on Park City School's band equipment is \$20.00/semester or \$40.00/year. This amount must be paid before the student can take the instrument for use. Students will be required to pay all repair fees incurred by instrument abuse, neglect, etc. above and beyond the normal expected wear. In some cases, the student may be requested to play a special instrument for a particular concert. If the student plays an assigned instrument for the complete semester/year, there will be a \$5.00/semester, or \$10.00/year fee charged. The instructor will give a list of the students who are renting equipment to the office. The office will in turn inform the instructor when the student pays the fee. If the student who is renting the equipment quits school or band at or during the semester, there will be no refund of the rental fee.

SECTION 5—BUS BEHAVIOR

Pupil transportation is privilege, not a right provided for the student population. Misbehavior will result in the privilege being revoked following administrative review. The school bus driver and the administration have the responsibility and authority to maintain discipline on the school bus.

If a student is caught using an electronic device at an improper time, or if the device disrupts a class by making sounds, a staff member will take the electronic device away and the student will receive a one hour detention.

Failure to submit an electronic device to a staff member will result in a minimum of a day in in-school suspension. If the student refuses to turn the electronic device over to the administration the student will be suspended from school for up to 10 days.

SECTION 15—EVENTS

Organizations wishing to schedule activities must first fill out the activity application, get the approval of the faculty advisor and get the approval of the principal.

SECTION 16—FAMILY NIGHT

The Board of Trustees recognizes the importance of the family as the core unit of society. To that end, the Board seeks to set aside one night of the school week to enable families to schedule activities with little conflict with the school schedule. Family night will be observed in the district on Wednesday every week. The following are applicable:

- A) School related activities will be finished by 6:15 P.M. and all students will be out of the school buildings by 6:30 P.M. At 6:30 P.M. the school building will be closed to all school related activities.

- C) Special events and Adult Ed classes may be scheduled on Wednesdays at the Board's discretion.

SECTION 17—FEES, FINES, AND OUTSTANDING BILLS

Students will be provided with basic educational material at no charge. Students are expected to provide their own paper, pens, pencils, erasers and notebooks; physical education attire and athletic equipment; extracurricular attire which becomes property of the student; and elective tuition for courses offered off campus. Occasionally student fees will be collected for the costs of materials related to class projects that the students keep; voluntarily purchased pictures, rings, publications, announcements, etc.; voluntarily purchased student accident insurance; musical instrument rental fees and uniform maintenance; library fees for lost, damaged or overdue books; and driver training courses.

Students are responsible for the reasonable care of school property such as books and lockers. Damage or loss of school property will result in fines which must be paid before grades and transcripts will be issued. It is the student's responsibility to make sure that they do not owe the school money for whatever the reason. Fines and charges not paid will result in withholding of report cards and/or transcripts. At the end of the year, a notation is attached to the permanent record which causes any transfer of credits or issuing of a diploma to be held until the charge is paid. Students owing fine money will not be issued a locker or any school equipment pending the payment of such fine.

SECTION 18—FOOD, DRINK & VENDING MACHINES

Students are to use the vending machines in such a manner that it does not disrupt the educational process. If money is lost in the machine, notify the office. Place wrappers, cans, and bottles in the proper waste containers. Clean up all spills or messes. No sunflower seeds allowed in buildings or on buses. Unauthorized food and beverages in the classroom will be confiscated by the teacher.

SECTION 19—FOOD SERVICES

The District participates in the National School Lunch and Breakfast Program and offers students nutritionally-balanced and appealing meals daily. Free and reduced-price meals are available based on financial need. The District will make every effort to prevent the overt identification of students participating in the free and reduced-price meals by utilizing electronic identification and payment systems. Visit the district office to apply.

SECTION 20—FUNDRAISING

Student clubs or classes, outside organizations, and/or parent groups occasionally may be permitted to conduct fund-raising drives for approved school purposes. An application for permission must be made to the principal at least 14 days before the event. Except as approved by the principal, fund-raising by non-school groups is not permitted on school property.

SECTION 21—GUESTS

Students are not allowed to bring student guests to school. Student interested in enrolling should contact the guidance office for an appointment and tour.

SECTION 22—LAW ENFORCEMENT

Questioning of Students

Law enforcement or social service workers must contact students through the administrative office. Students will not usually be questioned or interviewed by law enforcement or other lawful authorities while at school.

When law enforcement officers or other lawful authorities, however, wish to question or interview a student at school or the principal requests that the student be interviewed at school:

- The principal shall verify and record the identity of the officer or other authority.
- If the interview is not at the request of the principal, the principal shall ascertain the authority of law enforcement to question or interview the student at the school. If the interview is by court order or other exigencies exist (concern about loss/damage of evidence, flight from jurisdiction, or health, safety, or welfare of the student or other students or staff), the principal has the discretion to allow the interview to take place. Otherwise, if law enforcement can reasonably interview the student at a time when the student is not in school, the principal may, absent a court order, deny the request for an immediate interview of a student.
- The principal will make reasonable efforts to notify parents unless the officer produces a court order prohibiting the notification of the parents.
- In the event that a parent cannot be present or cannot be reached, the principal will observe the interview.
- Law enforcement must comply with all legal requirements regarding notification of parents and consent prior to interviewing students.
- Social service workers may be permitted to interview students at a school consistent with Montana law. The principal will observe the meeting if the social service worker declines to notify the parents.

Students Taken into Custody

State law requires the District to permit a student to be taken into legal custody by a law enforcement officer or probation officer to comply with a lawful court order, a warrant for arrest, or a law enforcement determination that probable cause exists for the arrest. To the extent practicable, the arrest should be conducted out of the view of other students in the administration offices. A social service worker may take custody of a student with a lawful court order or under the powers of MCA § 41-3-301.

The principal will immediately notify the Superintendent and will make reasonable attempts to notify a parent unless the officer or official produces a court order prohibiting the notification of the parents. Because the principal does not have the authority to prevent or delay a custody action, notification will most likely be after the fact.

Service of Process

At times, law enforcement may seek to serve a student with a subpoena or other legal documents (i.e., complaint, summons). Absent a court order, the principal has the discretion to determine whether service at school is disruptive to the educational environment. If service is directed by a court or is not disruptive to the educational environment, the principal will make reasonable attempts to contact the parents regarding the service. Where the principal has determined that service would be disruptive to the educational environment, the principal will make a reasonable attempt to coordinate with law enforcement to serve the student when school is not in session. Service on a student will be accomplished out of the view of other students in the administration offices.

SECTION 23—LEAVING SCHOOL, SIGN OUT PROCEDURE

Due to legal considerations, a student at no time is to leave school grounds during the school day without having parental/guardian permission and signing out in the office, unless the student is of the age of majority. The following procedure must be followed.

2. Before leaving, the students must sign out on the appropriate sheet in the attendance office. If the student is to return that day, he/she must sign back in on the same sheet.
3. If a student is ill and wishes to go home, he/she must report to the office before leaving. The office will call home to have the student picked up from school. The student must sign out when the parent/guardian arrives to pick him/her up. When a student is ill and has the car at school, the parent/guardian will be called and the same procedure will be followed.
4. Students failing to follow this sign out procedure may be disciplined.

SECTION 26—OUT OF SCHOOL MISCONDUCT

Any student, whose misconduct outside of school time and away from school property which has a substantial and material disruption on normal school system operations, as determined by the school district administration, may be held accountable for such misconduct. Student penalties may include suspension, expulsion, removal from activities or offices, or some other appropriate form of punishment available to district administrative staff. Examples of such misconduct may include harassment or vandalism directed against school staff, crimes directed at other students, unlawful acts committed while participating as a member of a school activity, or other offenses deemed as appropriate to justify such district response.

A student who has authorization to possess and self-administer medication must have completed and filed, with the office, a written order for self-administration of a medication from a licensed health care provider or dentist as well as written authorization from the parents for the self-administration. The principal may authorize, in consultation with medical personnel, a student with asthma, severe allergies, or anaphylaxis to possess and self-administer emergency medication from an epinephrine pen (EpiPen) or asthma inhaler. The written order and written authorization must be provided annually.

SECTION 28—PUBLIC DISPLAYS OF AFFECTION

Public displays of affection (PDA) are prohibited. The school recognizes that genuine feelings of affection may exist between two individuals; however, students are to refrain from inappropriate intimate behaviors on campus or at school related events. Examples of inappropriate behavior associated with PDA include: holding hands, kissing, touching, fondling, passionate embraces, sitting on laps, and other over displays of affection which may be interpreted by others as undue familiarity and improper decorum in a school setting.

SECTION 29—PROFANITY

Profanity is unacceptable. Any student cursing or voicing obscenities at school or at any school activity will face disciplinary action.

SECTION 30—PROPERTY

Students shall be financially responsible, with his/her parent or guardian, for willful damage or destruction of any school property (desks, textbooks, equipment, the building, etc.). Damage to school property, either before, during, or after school hours will result in the offender(s) paying for or replacing damaged or destroyed property, in addition to any other punishment the administration and/or board may deem fit.

SECTION 31—STUDY HALL

Students will regard the study hall as a place to prepare their assignments and as a place of quiet study in an atmosphere conducive to study. Students may be allowed to speak to another individual providing they have secured permission from the study hall supervisor. Conversations should pertain to subject matters only. There may be a limit on the number of students conferring at the same time. Students will not be allowed to check out of the study hall the last ten (10) minutes of the period. SECTION 33—TEXT BOOKS

Board-approved textbooks are provided free of charge for each subject or class. Books must be covered by the student, as directed by the teacher, and treated with care. A student who is issued a damaged book should report the damage to the teacher. Any student failing to return a book issued by the school or damaging a book issued by the school may be charged to replace the book. **Students will not receive their grades, transcripts, and/or diploma until all fines are satisfied.**

SECTION 34—TRIPS

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent requests that the student be permitted to ride with the parent, or the parent provides—before the scheduled trip—a written request that the student be permitted to ride with an adult designated by the parent.

Throughout the school year, students may have the opportunity to attend events off campus. During participation, students will be transported by bus and/or other district owned/leased/rented vehicles. In some cases, students may be transported by other school districts. Parents will be notified of scheduled trips.

Student use of motor vehicles during the school day is restricted to the lunch break except with specific parental/guardian permission which has been supplied to the front office for appointments and school connected errands when permission is granted by the administration. No students are to be in the parking lot or vehicles during or between classes. Failure to obey parking and traffic regulations may result in detention, parental/guardian notification, loss of parking privileges, referral to law enforcement agencies, and/or towing

of the vehicle at the owner's expense. Junior High students shall not drive or ride in any vehicle during the lunch break.

SECTION 36—VIDEOTAPING OF STUDENTS

Video recordings may become a part of a student's educational record. The District shall comply with all applicable state and federal laws related to record maintenance and retention. Signs will be posted at various locations to inform students that video surveillance cameras are in use. VIDEO RECORDINGS ON ALL SCHOOL BUSES INCLUDE THE COLLECTION OF AUDIO.

SECTION 37—WEAPONS & GUN FREE SCHOOL

In accordance with the provisions of the Gun-Free Schools Act. 20 YUSC 3351 and applicable state law, any student who brings a firearm onto school property, except as provided below, shall be expelled for a period of not less than one calendar year unless modified by the board of trustees, upon a recommendation from the district superintendent.

In accordance with the provisions of the Gun-Free School Zones Act. 18 USC 922(q) and applicable state law, students and other authorized persons may bring unloaded firearms onto school property for use in instructional activities with the prior written permission of the district superintendent. At the conclusion of the activity, the firearms must be immediately removed from school property.

No student shall possess any firearm, without authorization, on the way to and from school, or during intermission or recess. Violation of this provision shall result in discipline up to and including expulsion. The term "firearm" shall be defined as provided in 18 USC 921. This term shall include any weapon which is designed, or may be readily converted, to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, a muffler, or silencer of such a weapon, or any explosive, incendiary or poison gas. In addition, this policy shall apply to any object brought to school with the expressed purpose of being used to threaten or cause bodily injury.

If a student violating this policy is identified as a child with disabilities either under the IDEA or Section 504, a determination must be made whether the child's conduct is related to the disability. If the violation of the policy is due to a disability recognized by the IDEA or Section 504, lawful procedures for changes in placement must be followed for suspensions of greater than ten days.

Any student subject to expulsion shall be entitled to a hearing before the board of trustees in accordance with Section 20-5-202, MCA. Nothing in this policy shall prevent the board of trustees from making an alternative placement for a student in lieu of expulsion provided that such placement removes the student from the regular school program.

The district shall keep a record of all students disciplined under this policy and the circumstances surrounding their discipline, including the number of students expelled and the types of weapons involved. This information shall be provided to local law enforcement authorities and other governmental agencies as required by law.

Items which are used to disrupt or interfere with the educational process may be temporarily removed from a student's possession. Confiscated materials, may, at the discretion of school personnel, be turned over to law enforcement authorities.

ARTICLE FOUR—ATTENDANCE

Regular school attendance is essential for the student to make the most of his or her education — to benefit from teacher-led activities, to build each day's learning on that of the previous day, and to grow as an individual.

- A student between the ages of 7 and 16 must attend school unless the student is otherwise legally exempted or excused. A student who voluntarily attends or enrolls after his or her sixteenth birthday is required to attend each school day.
- A student who persistently does not attend school for the day or any part of the school day equivalent to the length of one class period is truant and may be subject to disciplinary action. Truancy may also result in assessment of a penalty by a court of law against the student and his or her parents. The District's Attendance Officer may request a meeting with the truant student's parent or legal guardian to develop a truancy plan in the event of continued truancy.
- The principal or designee will attempt to contact a student's parent, guardian, or legal custodian by the end of the school day in order to inform him or her of the student's absence if no excuse has been offered. See Policy 3122.

SECTION 1—ABSENCES

When a student is absent from school, the parent/guardian must call the school [633-2350] any time after 7:30 a.m. to notify the school of the absence. If the parent/guardian does not call, the district personnel will call home when an absence has occurred. If contact has been made with the parent/guardian, it will not be necessary for the parent/guardian to send a written excuse with the student upon his/her returning to school, unless requested by administration. If no contact was made, the student will have one (1) day to bring a note, or the absence will be unexcused.

Part 2—Class work and school related absences

Students who miss class for school-sponsored activities will be required to make up their work. Each student will be responsible for contacting each teacher BEFORE he/she leaves school. Failure to do so may result in no credit given for work missed. Homework is due upon returning to the class. If you are absent on the day of a test or quiz, you will have until 3:40 pm of the day you return to make it up.

Part 3—10 day rule

The academic standards of Park City High School require that a student may miss no more than ten (10) excused/unexcused absences per class period, per semester to receive full credit in that class.

- iii. Each period of truancy will equate to two hours of detention.
- iv. In-school or out-of-school suspension will be assigned for truancy in three periods or more upon the discretion of the administration.

Part 4—Absences that DO NOT count

c. Medical Absence (MA)

2. A letter will be sent at midterm and/or quarter after ten (10) absences from school/class have been recorded indicating the school policy and a notice for the student and parent/guardian to contact school officials and meet with school administration and other relevant individuals as necessary to discuss the severity of the situation. Interventions and assistance will be offered.

Part 5—Credit

Students who successfully complete a course with a passing grade, but exceed the allotted number of allowable absences, will receive Passing credit only.

SECTION 2—TARDIES

A student is not tardy if prior arrangements are made with a teacher. Students tardy to school in the morning or afternoon must obtain a slip from the district office before they will be admitted to class. Students entering the room after the final bell and during the first fifteen minutes of class will be considered tardy. Students entering the room after fifteen minutes have passed will be considered absent.

Part 1—Rules

1. Each tardy shall count as an absence in that class.
2. Regardless of time served, three unexcused tardies to the same class will be counted as an absence in that class.
3. It is up to the discretion of the principal to reward students who show compliance by having an extended period of time of no tardies.
4. The classroom teacher may refer excessive tardies from the classroom to the building administration for additional punishment(s).

SECTION 3—LEAVING

Once a student enters school for the school day, he/she is not to leave the school grounds without first securing permission from the office. Permission from the parent is necessary before asking the administrative staff. This parental permission may not be necessary if a student is leaving school grounds to run a short errand for school staff or parents within the community of Park City. **Permission in all cases must be given through the ADMINISTRATIVE OFFICE no matter what the errand may be.** Exceptions to this rule shall be emergencies such as an accident, etc. Non-compliance will result in a zero grade for each class period missed and detention for double the time absent from classes will be issued. Each period of truancy will result in 2 hours of detention. Upon a 2nd occurrence, Saturday school will be assigned. **In all cases, if a student leaves school grounds without permission for 3 or more periods, he or she will be assigned in-school or out-of-school suspension upon administrative discretion.**

ARTICLE FIVE—ACADEMIC PROGRESS

SECTION 1—ADULT EDUCATION

The trustees will enroll students whose birthday occurs on or before the tenth (10th) day of September of the school year in which the child is to enroll but is not yet 19 years of age. The trustees may at their discretion assign and admit an adult who is 19 years of age or older if there are exceptional circumstances that merit waiving the age provision.

SECTION 2—CREDITS

Students who do not successfully complete a required class will repeat that specific class as space allows. The administration may make exceptions only if a scheduling conflict occurs. Acceptance of credit for classes not completed at Park City Schools will be determined by the administration on an individual basis. . No independent study classes will be accepted for the purpose of recovering credit from a required class.

Graduation requirements generally will not be waived under any circumstances. However, in rare and unique hardship circumstances, the principal may recommend and the Superintendent approve minor deviation from the graduation requirements.

SECTION 3—COURSE SELECTION

Student and/or parent requests for selected staff members, as opposed to assigned, will not be honored.

SECTION 4—DIGITAL ACADEMY COURSES

Students will be required to enroll in matching classes offered on campus, through the district. Students who have failed a course in the previous quarter or semester will not be allowed to enroll; unless the course serves as a credit recovery opportunity. Students must have at least a cumulative 3.00 GPA prior to enrollment. All online courses taken by the students will be approved by the administration in advance of enrollment. The district will allow a student to enroll in a maximum of three (3) MTDA course per semester.

SECTION 5—DROP/ADD

There will be a one week period (5 Pupil Instruction Days) after each semester begins for dropping or adding classes. No course changes are permitted after the 1st week of the semester unless recommended by the teacher or parent/guardian, and administratively approved.

SECTION 6—GRADES

Grades assigned by a teacher cannot be changed except by that teacher after discussions involving the student, teacher, and administrator. Grades will comply with the following chart:

A	94	100
A-	90	93
B+	87	89
B	83	86
B-	80	82
C+	77	79
C	73	76

A student must have a minimum grade-point average of 3.00 to be placed on the regular honor roll.

SECTION 8—JUNIOR HIGH RETENTION

The determination of whether or not a student will be retained at the end of each year in junior high will be based upon the following. Each activity class passed will be given a point value of one (1) for each semester, and each non-activity class passed will be given a point value of two (2) for each semester. Each class that meets for only a nine weeks period will be given a point value of one half (1/2). The two semester point values will be added together to get a year point total. The maximum year point total is 26. This figure will then be multiplied by a factor of .63, since below 63% is the failing % on our grading system.

The point value for passing to the next grade will be equal to or above $(.63) \cdot (26) = 16.38$ for the year. If a student fails to have a point value equal to or greater than 16.38, he/she will be retained in that grade of junior high.

Activity Classes: Art, PE, FCS, Vo-Ag, Chorus, Band, Life Skills, Study Skills, Keyboarding & Leadership

This chart will be used only in the determination of valedictorian and salutatorian, by total points achieved in high school. It works as follows: grade values: A=4, B=3, C=2, D=1, F=0. The difficulty factor is multiplied by the grade value. This will give the total points received each semester, except for the senior year, where the third quarter grades will be utilized as the second semester grades. The senior with the highest total points will receive the valedictorian honor. The senior with the second highest total points will receive the salutatorian honor. Students must have been in attendance at Park City School their junior and senior year to be eligible for valedictorian, salutatorian, and/or honor scholarship awards.

Participation in the actual graduation ceremony is not a requirement but a privilege extended to students. The Board of Trustees may deny a student the right to participate. . Graduation ceremonies will be conducted in the following manner:

1. Each student who participates will purchase or rent the proper cap and gown as designated by the school administration with a recommendation from the class advisors and officers.
2. Caps and gowns will be worn in the proper manner, as designated by the school administration and class advisors.

In recognizing the tradition of Park City High School graduations, the color gold for cords and stoles is only approved for the National Honor Society organization.
 - c. Students who have been recognized as the Valedictorian or Salutatorian of their graduating class can be given a stole that signifies this achievement.

ARTICLE SEVEN—DISCIPLINE & DUE PROCESS

SECTION 1—THE TEACHER’S ROLE IN DISCIPLINE

The teacher has the primary responsibility and authority for the maintenance of discipline in the classroom, in the school building, and on the school grounds. The teacher and student should first try to solve problems on an informal basis. The teacher should contact parents/guardians to seek their support in working out problems when difficulties arise. If this fails to resolve the problem, the teacher should contact the principal for advice and help to work out the conflict as much as possible. Teachers have the authority to:

1. Deny certain classroom privileges.
2. Assign specific tasks to assist the resolution of the problem.
3. Use such reasonable measures as may be necessary to maintain control in the classroom, in the school building, on the school grounds, and on the way to and from school.
4. Remove a student temporarily from the classroom.
5. Recommend suspension of a student from school.

SECTION 2—THE PRINCIPAL’S ROLE IN DISCIPLINE

Teachers exercising reasonable disciplinary judgment will be supported by the principal and other administrators of the school district. If the teacher's efforts to solve the problem are unsuccessful, the student may be referred to the principal who has the responsibility and authority to use such reasonable measures as may be necessary to maintain control within the classroom, the school building, and on school property. The principal has the authority to assign detention time or impose suspension on students for failure to comply with school regulations. If it should become necessary, the principal can recommend to the superintendent expulsion of students.

SECTION 3—DISCIPLINE POLICY

Part 1—Philosophy

Students who violate District policies, rules, and directives are subject to discipline at the discretion of District administration. Discipline may include referrals, detention, in-school suspension, out-of-school suspension, and expulsion. Administrators have the discretion to impose, or in the case of expulsion, recommend, the level of discipline deemed appropriate for the misconduct.

Part 2—Behavior Management

The degree of severity of the offense or the chronic nature of the student's behavior will determine what level of discipline will be initiated. The administration reserves the right to impose disciplinary sanctions depending on the nature of the offense. The main components of this policy are as follows. Each component may operate individually and the severity of the offense will determine which component(s) will be implemented.

1. **PARENT NOTIFICATION SLIP** - Parent Notification Slips are issued by teachers to notify administration and parents of inappropriate student behavior. Parent notification slips will be handled in the following manner:
 - a. **First slip**...a one-on-one discussion with the offending student. Teacher will fill out a notification slip and student may sign it, indicating the discussion occurred. Continue to monitor student behavior and apply classroom/school rules and consequences. A phone call to the parent will be made by the teacher.
 - b. **Second slip from same teacher**...on or before the second slip, a phone call by the teacher will be made to the parent in the event student misconduct continues. Continue application of consequences. Document conversation and consequences applied to student. Continue normal monitoring of behavior and adherence to rules. Document any misconduct and corrective measures applied.

- c. **Third slip from same teacher**...a meeting with the teacher/administrator/parent will be asked for, if usual procedures for dealing with student misconduct and conversation with parent(s) proves ineffective. Continue monitoring of behavior and adherence to rule Document any misconduct and corrective measures applied.
2. Telephone calls are not made to the parent concerning some infractions of classroom and/or school policy. Examples of these infractions are gum chewing and tardies.

A record of all Parent Notification Slips received by a student throughout his/her attendance is kept in order to help identify and deal with chronic behavioral problems. The degree of severity of offense or the chronic nature of the student's behavioral problems will determine what level of discipline will be initiated. The following forms of discipline will be applied as determined by the administrator without regard to the number of Parent Notification Slips issued.

Part 3—Types of Discipline

1. **DETENTION** - is to be used as a study hall. Detention may be assigned when it is deemed appropriate and is not dependent upon the Parent Notification Slip. Forms of detention are:
 - a. **One (1) hour detention** - will be served on a day and time determined by the administration.
 - i. If the detention is not served on the assigned date, Saturday detention will be assigned.
 - ii. The principal will assign Saturday detention if previous steps prove to be ineffective. Saturday detention will be a three (3) hour block of time from 7:00 A.M. to 10:00 A.M.
 - iii. Detention will be served the Saturday assigned by the principal.
 - iv. **Failure to serve Saturday detention will automatically earn the student in-school or out-of-school suspension**, the length of time to be set by the principal.
 - v. Only the principal will be able to allow a student to miss and makeup a missed Saturday detention and only if the student confers with the principal prior to the day the detention is to be served.
 - vi. Further, the missed Saturday detention will be reassigned for the next Saturday. If there is a religious conflict, other arrangements will be made by the principal. Saturday detention will have an effect upon the students' participation in athletics/activities, as outlined in the athletic/activities portion of the student handbook.
2. **SUSPENSION** - An administrator has the authority to suspend a student for up to ten (10) school days. The student is entitled to oral or written notification of the charges and is entitled to the opportunity to provide his or her version. Immediate suspension when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process may occur without notice or the opportunity to be heard provided that notice and the opportunity to be heard shall follow as soon as practicable. Written notice of the suspension containing a statement of its basis and notice of the right to a review of the suspension will be sent to the parents as soon as possible. At the request of the parents, the Superintendent will review the appropriateness of the suspension. The decision of the Superintendent is final.

An administrator has the authority to extend a suspension for an additional ten (10) school days. Prior to extending the suspension beyond the original length not to exceed ten days, the administrator must hold an informal hearing with the student and determine that the student's immediate return to the school would be detrimental to the health, welfare, or safety of others, or would be disruptive to the educational process.

- a. **IN-SCHOOL SUSPENSION**
 - i. Students will receive credit for homework completed and turned in at the appropriate time.
 - ii. In-school suspension will have an effect upon the student's participation in athletics/activities, as outlined in the athletic/activities portion of the student handbook.
 - b. **OUT-OF-SCHOOL SUSPENSION**
 - i. Students will be able to make up assignments, quizzes, exams, projects, etc. that were missed as a result of out-of-school suspension at half the value of the assignment. It is the responsibility of the student to remain current with all missed information upon return to the classroom.
 - 1. School work that was due on the day the student was suspended can be turned in for credit. School work due on the student's return to the class will receive a grade deduction or no credit.
 - ii. Students who are repeatedly assigned out-of-school suspension will not be able to make up coursework for any value.
 - iii. Out-of-school suspension will result in the loss of privileges to participate in or attend any co-curricular or extracurricular activity for the duration of the suspension.
 - iv. A student on out-of school suspension is prohibited from being on school grounds during the duration of the suspension.
3. **EXPULSION** - Expulsion is any removal of a student for more than twenty (20) school days without the provision of educational services. Only the Board has the authority to expel a student after holding a hearing that provides the student with an opportunity to be heard. After an investigation into the student's conduct, the administrator must send a written notice to the parents regarding the recommendation to expel the student, the specific charges against the student and supporting evidence, a description of the rule or regulation broken, the date, time, and location of the board hearing, a copy of the Board's procedure, and a description of the student's and parents' rights at the hearing.
4. **STUDENTS WITH DISABILITIES** - Students with rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973 may be suspended in the same manner as students without those rights or expelled under certain circumstances, but prior to the imposition of either penalty, the District must follow all procedural requirements of those Acts, including holding a manifestation determination meeting when necessary, as required by these Acts.
- a. Expulsion may occur without regard to the number of Parent Notification Slips issued.
5. **OTHER**
- a. A student sent to the office from a class may be assigned any one of the above discipline forms determined by the administrator. When deciding the consequence, the administration will minimally consider the following:
 - i. Severity of the action
 - ii. Frequency of the action
 - iii. Students' discipline history
 - iv. Potential for further inappropriate action
 - b. In the event the principal is unavailable, the superintendent will assume the duties.
 - c. Misbehavior in substitute teacher's classes may result in higher levels of disciplinary action including but not limited to Saturday School.

- d. Detention not completed before the academic school year ends will result in in-school or out-of-school suspension, the length of time and dates to be set by the principal.
- e. Any situation not specifically mentioned in this handbook will be dealt with on an individual basis by the administration.
- f. Supervised community service may be used a form of discipline.
- g. The administration has the right to reduce or increase punishment based on the severity and circumstances of the situation.

ARTICLE EIGHT—STUDENT ACTIVITIES

The Park City School District recognizes that student activities programs are an integral part of school life. As such, programs should contribute to the intellectual, physical, social, and emotional growth of students. The district is committed toward operating all programs in a manner that not only teaches the techniques, fundamentals and strategies of the activity but also enhances the social and emotional development of the participants. To this end the following procedures are adopted.

Rules

These rules are in effect twenty-four (24) hours a day.

Part 2—Attendance Restrictions

Part 3—Policy Duration

This policy is in effect each school year from the date of the first practice for fall activities and continues until the last day of school or activities, whichever is later. Violations are cumulative, throughout the student's period of attendance in middle or high school, but violations do not carry over from middle school to high school.

If a violation occurs at the end of a season, the suspension shall carry into the next athletic season the student successfully completes. The sequence of penalties shall be lateral.

Part 4—Interscholastic Athletics

Events sanctioned by the Montana High School Association cooperatively organized or otherwise sponsored by the school district, including cheer, shall adhere to the following schedule.

During suspension, students are allowed to participate in team practices but excluded from competitions. Students are expected to be present at each *home* event, appropriately dressed, and seated with their teammates throughout the entire contest. Competitions during suspension will only count if the student would otherwise be able to eligible to participate.

Any suspension will result in the loss of eligibility for conference awards, varsity letters, honors, etc. earned during the athletic season the offense occurred.

Part 5—Music

Suspension from Pep Band/MHSA Music will be applied in calendar weeks being on the date sentencing. Students will be allowed to play at home games, but will not travel with the band during their suspension.

If attendance is prohibitive on the date scheduled, the coaches and parents will meet at school on a date and time convenient to both parties. Students will not be allowed to participate in scheduled events until the coach and parent meeting has been completed.
3. A coach/sponsor may elect to have additional rules/regulations for their sport/group, beyond those addressed in the handbook, in which case a list of the specific rules/regulations requested by the coach/sponsor will be distributed to the participants involved within the first week of scheduled practices and will be on file in the activity director’s and principal’s offices.

SECTION 6—CONCUSSIONS

Because of the passage of the Dylan Steigers’ Protection of Youth Athletes Act, schools are required to distribute information sheets for the purpose of informing and educating student-athletes and their parents of the nature and risk of concussion and head injury to student athletes, including the risks of continuing to play after concussion or head injury.

Montana law requires that each year, before beginning practice for an organized activity, a student-athlete and the student-athlete’s parent(s)/legal guardian(s) must be given an information sheet, and both parties must sign and return a form acknowledging receipt of the information to an official designated by the school or school district prior to the student-athletes participation during the designated school year. Students are not allowed to wear blue jeans or t-shirts to interscholastic competitive events. Moreover, sweatpants, sweat suits, and other casual clothing is strictly prohibited. Female students may but shall not be required to wear skirts or dresses. Therefore, this policy governs only illegal drug use by students participating in certain extracurricular activities. The sanctions imposed for violations of this policy will be limitations solely upon limiting the opportunity of any student determined to be in violation of this policy to a student's privilege to participate in extracurricular activities.

Participation in school-sponsored interscholastic extracurricular activities at the Park City Public Schools is a privilege. Students who participate in these activities are respected by the student body and are representing the school district and the community. The District is providing you notice of these rights, as outlined below:

The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer.

The District classifies the following as Directory Information: a student’s name, address, telephone number, electronic mail address, date of birth, participation in officially recognized activities and sports, weight and height of members of athletic teams, photographs, dates of attendance, and honors and awards received in school. The objection must state what information the parent or student does not want to be classified as Directory Information. If no objection is received as required above, information designated above will be classified as Directory Information until the beginning of the next school year.

Copies of the complete FERPA Policy adopted by the District may be obtained from the Superintendent’s Office or from the Principal’s Office of each school within the District.
