

PARK CITY SCHOOL DISTRICT

STUDENT ACTIVITIES HANDBOOK

2020-2021

PARK CITY SCHOOLS STUDENT ACTIVITIES

The Park City School District recognizes that student activities programs are an integral part of school life. As such, programs should contribute to the intellectual, physical, social, and emotional growth of students. The district is committed toward operating all programs in a manner that not only teaches the techniques, fundamentals and strategies of the activity but also enhances the social and emotional development of the participants. To this end the following procedures are adopted.

Rules

SECTION 1—ALCOHOL, TOBACCO, DRUGS & OTHER MISDEMEANORS

In order to promote personal health and safety, the Park City Schools disallows substance abuse by students participating in extracurricular, co-curricular, and other school sponsored activities. Participants are required to abstain from chemical use including but not limited to tobacco, nicotine, alcohol, illegal drugs, and misuse of prescription medications.

Part 1—Rule

Students participating in school sponsored activities shall not use, possess, distribute, purchase, or sell alcohol, tobacco, e-cigarettes or other similar products, drug paraphernalia, illegal drugs, controlled substances, or any substance which is represented to be or looks like a narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, stimulant, depressant, or intoxicant of any kind, including such substances that contain chemicals which produce the same effect of illegal substances including but not limited to Spice and K2.

These rules are in effect twenty-four (24) hours a day.

Part 2—Attendance Restrictions

Students involved in activities are forbidden from knowingly being present at a function or gathering at which a prohibited substance is being used. Presence is defined as longer than the time necessary for a reasonable and prudent person to leave a location where any substance, illegal to the student's possession or use, is present and/or taking place.

Part 3—Policy Duration

This policy is in effect each school year from the date of the first practice for fall activities and continues until the last day of school or activities, whichever is later. Violations are cumulative, throughout the student's period of attendance in middle or high school, but violations do not carry over from middle school to high school.

If a violation occurs at the end of a season, the suspension shall carry into the next athletic season the student successfully completes. The sequence of penalties shall be lateral.

Attendance

1. **First Violation**—the student shall be suspended for one (1) week of competition and complete four (4) hours of community service as approved by the administration.

2. Second Violation—the student shall be suspended for two (2) weeks of competition and complete 8 hours of community service as approved by the administration.
3. Third Violation—the student shall be suspended for four (4) weeks of competition, complete 15 hours of community service as approved by the administration, and must complete an approved substance abuse course at the student's expense before further participation.

Possession/Consumption

1. First Violation—the student shall be suspended for two (2) weeks of competition and complete 8 hours of community service as approved by the administration.
2. Second Violation—the student shall be suspended for four (4) weeks of competition and must complete an approved substance abuse course at the student's expense and complete 15 hours of community service as approved by the administration.
3. Third Violation—the student shall lose eligibility for the current season and the next two, not dependent on participation, and be required to complete a chemical dependency assessment by a licensed addiction counselor at the student's expense before further participation.

Violations of this policy by cheerleaders shall result in the concurrent suspension of the corresponding season(s) they are currently participating in.

During suspension, students are allowed to participate in team practices but excluded from competitions. Students are expected to be present at each *home* event, appropriately dressed, and seated with their teammates throughout the entire contest. Competitions during suspension will only count if the student would otherwise be able to eligible to participate.

Any suspension will result in the loss of eligibility for conference awards, varsity letters, honors, etc. earned during the athletic season the offense occurred.

Part 4—Music

Suspension from Pep Band/MHSA Music will be applied in calendar weeks being on the date sentencing. Students will be allowed to play at home games, but will not travel with the band during their suspension.

Part 5—Co-curricular Activities & Student Organizations

During the school year for any violation occurring of this rule, the student must serve a minimum of 4 and a maximum of 15 hours of community service above and beyond the normal community service adopted by the organization. The advisor and principal will determine and approve the length and type of community service. A student in more than one organization will do a maximum of 15 hours. Upon approval of the principal, the student may choose in lieu of the community service to enter an approved 12 hour substance abuse/counseling program at the student's expense.

Failure to complete the required hours will result in forfeiture of membership within the student organizations.

Part 6—Consent

Through their participation, each student and his or her parent(s)/guardian(s) hereby consents and agrees that the School Resource Officer or any other law enforcement personnel may disclose to the district administration any involvement that the student has with substances or activities prohibited by this policy. Awareness of an infraction of this policy in relation to participant suspension is not limited to law enforcement reporting.

Part 7—Other

- Any student violating this rule while on a school related activity will have consequences based on school policy and the student handbook.
- If a violation occurs on a school related activity during the summer, the consequence would be assessed the next school year.

Part 8—Due Process

The chain of command, expressly outlined in Article One of the student handbook and Board Policy 1700, will be strictly followed to address all grievances related to this policy.

SECTION 2—ATTITUDE SUSPENSION

Whenever a coach finds a member of the Panther extracurricular program is not living up to the responsibility and privilege of being on the team, the coach may issue an attitude suspension to that team member.

1. **1st Offense:** Your privilege to be a member of this program is suspended for the next date of competition.
2. **2nd Offense:** You will be suspended until a meeting with your parents, you, and the coaching staff is completed. A minimum of a two-date suspension of competition will be assigned.
3. **3rd Offense:** Recommended permanent suspension for the remainder of the season made to the Board of Trustees.

What kinds of things result in an Attitude Suspension?

- A) Unduly criticizing, nagging or razzing teammates.
- B) Not accepting decisions by the coaching staff.
- C) Not putting forth maximum effort in practice and games.
- D) Missing practice or a game.
- E) Not living up to your responsibility as a student. This includes attitude in the classroom. Excessive behavior referrals to the principal, tardy referrals, or absences may result in progressive attitude suspensions.
- F) Excessive sulking after criticism.

SECTION 3—EXTRACURRICULAR PARTICIPATION

Part 1—Enrolled Students

Students must be full-time enrolled students at Park City Schools in order to participate in any extracurricular activity. A full-time enrolled student is defined as one who is enrolled with a full schedule at Park City Schools.

Part 2—Philosophy

Any activity not listed in the course schedule is deemed to be a co-curricular or extracurricular activity. Activities require dedication as others are dependent on you once the activity starts, so if involved in multiple activities, the activity that starts first takes preference over any other activity. The activity whose competition requires securing a place in order to advance to further competition takes preference over other conflicting activities.

Part 3—Participation

Participation in a co-curricular and extracurricular activity is a privilege, not a right. Students representing Park City High School in activities are expected to set a standard of excellence above that which is considered to be minimal.

SECTION 4—CURFEW

Part 1—Rules

1. Athletes will be at home by 10:00 p.m. on the night prior to a game and weekdays (Sunday–Thursday); or home within one (1) hour after a school activity,
2. Friday and Saturday nights; home by 12:00 a.m.
3. Coaches of the respective sport will set hours for holidays and other special occasions that may be exceptions to the above hours with administrative approval.

Part 2—Penalties for violation of hours

1. **FIRST OFFENSE:** player or participant will be placed on a one week suspension.
2. **SECOND OFFENSE:** a recommendation to the Board of Trustees may be made requesting that the player or participant be suspended for the remainder of the season for that sport/event, and will lose his/her letter for that sport/event.

Regulations

SECTION 5—ACADEMICS

To be eligible to participate in an association contest, a student must have received a passing grade in at least twenty (20) periods of prepared work per week or its equivalent during the last preceding semester in which he/she was in attendance.

Part 1—Additional minimum Park City School requirements:

Students will be passing in all enrolled classes and will not have a cumulative "D" grade in *more than* three (3) of those classes and will have a GPA of 2.0 or better. Eligibility will be determined on a weekly cumulative (Tuesday - Monday) basis. A student whose name appears on the ineligibility list for four (4) consecutive weeks will be dropped from the activity for the remainder of that season. A student whose name appears on the ineligibility list will not travel with the team or suit up for home events. If a student's GPA falls below a 2.0, the student is ineligible for the week. If a student has an F or is otherwise ineligible they

will first receive a warning. If the student has an F for consecutive weeks, the student will be ineligible. The student starts over with a warning if they are eligible one week.

Part 2—School Attendance

Attendance at school, as well as being on time, is an important part of being a participant in school activities. Regular attendance is required. Students who have an unexcused absence during the school day may not attend practice that day. Excused absences will not affect practice. Excessive tardies may result in an attitude suspension.

Part 3 – Co-curricular activities

The seasons for FCCLA and FFA activities shall be in nine (9) week segments coinciding with the nine (9) week grading periods and will run from August 1st through July 31st of the following year. Eligibility to participate from the last day of school to July 31st of that year will be determined by eligibility at the end of the fourth quarter.

Part 4—Eligibility List

By Monday of each week, the principal will notify staff by use of an eligibility list of any athlete, cheerleader, mascot, manager, or participant of any extracurricular activity who is not eligible for the week.

Part 4—Discipline

Suspension from playing/participating in athletics/activity for in-school disciplinary reasons will be as follows:

- a. Saturday detention; suspended for one game/event as determined by the administrator
- b. In-school suspension; suspended for one week
- c. Out-of-school suspension; suspended for two weeks

Part 5—Definitions:

A one week suspension includes all events within the 7 days from initial suspension.

A two week suspension includes all events within the 14 days from initial suspension.

Part 6—Other rules

1. Student athletes will display good sportsmanship at all events. Athletes displaying a poor team attitude will be subject to the same penalties as for violation of hours.
2. Coaches for all sports will have a parent meeting prior to season completion. Parents are required to attend one meeting per year on the date scheduled. Parents must attend a meeting prior to their child participating in any event. Attendance will be verified via parent signature, which will be kept on file by the high school principal. If attendance is prohibitive on the date scheduled, the coaches and parents will meet at school on a date and time convenient to both parties. Students will not be allowed to participate in scheduled events until the coach and parent meeting has been completed.
3. A coach/sponsor may elect to have additional rules/regulations for their sport/group beyond those addressed in the handbook, in which case a list of the specific rules/regulations requested by the coach/sponsor will be distributed to the participants

involved within the first week of scheduled practices and will be on file in the activity director's and principal's offices.

SECTION 6—CONCUSSIONS

Because of the passage of the Dylan Steigers' Protection of Youth Athletes Act, schools are required to distribute information sheets for the purpose of informing and educating student-athletes and their parents of the nature and risk of concussion and head injury to student athletes, including the risks of continuing to play after concussion or head injury.

Montana law requires that each year, before beginning practice for an organized activity, a student-athlete and the student-athlete's parent(s)/legal guardian(s) must be given an information sheet, and both parties must sign and return a form acknowledging receipt of the information to an official designated by the school or school district prior to the student-athletes participation during the designated school year. The law further states that a student-athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from play at the time of injury and may not return to play until cleared by an appropriate health-care professional.

SECTION 7—DRESS CODE

Those responsible for any performance groups such as coach, director, advisor, etc., are hereby authorized and encouraged to develop for each group exemplary standards and practices in fashion, grooming and taste that will tend to enhance the appearance of the group as a whole, or help build a constructive "esprit de corps" within the group. Such standards, and/or practices, must be of a reasonable nature, appropriate to the group's activity, and reflect positively on the image of the group and the school. Students are not allowed to wear blue jeans or t-shirts to interscholastic competitive events. Moreover, sweats and other casual clothing is strictly prohibited, unless it is team apparel.

SECTION 8—DRUG TESTING

Although the Board of Trustees, administration, and staff desire that every student in the Park City School District refrain from using or possessing illegal drugs, district officials realize that their power to restrict the possession or use of illegal drugs is limited. Therefore, this policy governs only illegal drug use by students participating in certain extracurricular activities. The sanctions imposed for violations of this policy will be limitations solely upon limiting the opportunity of any student determined to be in violation of this policy to a student's privilege to participate in extracurricular activities.

Participation in school-sponsored interscholastic extracurricular activities at the Park City Public Schools is a privilege. Students who participate in these activities are respected by the student body and are representing the school district and the community. Accordingly, students in extracurricular activities carry a responsibility to themselves, their fellow students, their parents and their school to set the highest possible examples of conduct, sportsmanship and training which includes avoiding the use or possession of illegal drugs.

Procedures

- a. Each activity student and their parent/guardian shall signify by signature that they have read this handbook which details the policies and testing requirements before such student shall be eligible to practice or participate in any extracurricular activities.
- b. This consent requires the activity student to provide a saliva or urine sample
 1. annually before participation in extracurricular activities; and/or
 2. when the activity student is selected by the random selection basis to provide a sample; and
 3. at any time when there is reasonable suspicion to test for illegal drugs and the student is participating in any extra- or co-curricular activities.

SECTION 9—INJURY

Each student has the responsibility to report to their coach or club sponsor any and all injuries that take place during practice, competition, or any other related times of activity. Any student who has an injury resulting in the inability to play must provide a physician's note stating the reasons as well as a date of being cleared to participate again.

SECTION 10—LETTERING REQUIREMENTS

- **Basketball:** The team members who participate in 18 varsity quarters. If a player makes the tournament team and doesn't complete 18 varsity quarters, lettering is up to the discretion of the coach.
- **Football:** Participate in eight varsity quarters.
- **Volleyball:** The team members who participate in 18 varsity matches. If a player makes the tournament team and doesn't complete 18 varsity matches, lettering is up to the discretion of the coach.

SECTION 11—PHYSICALS

Athletes, regardless of grade level, reporting for interscholastic athletic activities shall have a physical exam before they allowed to participate/practice, no exceptions. The MHSA official physical exam form will be used. The examination must be completed after May 1 for upcoming school year. Furthermore, this examination must be certified by a licensed medical professional acting within the scope and limitations of his/her practice. The district does not

recognize a doctor of chiropractor sciences to be a licensed medical professional acting within the scope and limitations of his/her practice. This certification is valid for a period of one school year. A physical examination conducted before May 1st is not valid for participation for the following school year.

SECTION 12—PRACTICE ATTENDANCE

The only time an individual will be excused from practice is when the parents or student have properly notified the coach before that practice begins.

- a. The first unexcused absence from practice will result in missing a week of participation in that sport.
- b. The second unexcused absence from practice will result in dismissal from the team.
- c. Students **not attending a full school day** on the day of the game or organization activity **WILL NOT** be allowed to participate in the organization activity or game. A student's action of attending morning practice, but failing to report to class without prior approval by the administration shall be treated the same as an unexcused absence from practice.
 1. Unavoidable absences such as medical/dental appointments, court mandated absence, and funerals will be excluded. The principal may approve any other extenuating circumstance.
 2. If a student misses Saturday detention, he/she cannot play Saturday night.

SECTION 13—TRANSPORTATION

Part 1—Team Travel

Participating students will be required to ride school provided transportation to and from school activities. This will apply to any student who is a member of a school sponsored activity involving students as assigned participants. It does not include student spectators, except those riding on a pep bus. The only exception will be a request by the parents for their student to ride with them or others *from* the activity. The parents must see the coach or sponsor and sign a release at this time. Student requests to transport themselves to and from events may be granted on a limited basis with administrative approval only.

Part 2—Discipline
